Subject: We told you we are not a scam. Mr. Acumen is now getting sued. (For Joe @ xtagged don't send to members only businesses Daryl called and manipulated such as M.A.D.D, Feel better security drink, subway, lakewood chiropractor etc) Thx

Hello my name is Andy Esquivel I just sincerely wanted to tell you that when I had your link www.karmaCurrency.com at Xtagged.com I really was just trying to support your cause and get you more traffic and that is it, think about this I build a website that would track people through their license plates instead of fake screen names walla 'Hey if you don't have anything to hide then why not, with me as the first member with my plate number Xpatrol Utah. How in the heck would I ever get away with so called scam if I were a scam, so you see it only proves if I were a scam I would have been caught LOL but don't worry even the police were upside down over that. Chimera Phone overrides Xtagged Technology wait until you see it. I am sorry that Daryl Acumen called you and told you all those lies I did not have hundreds of investors nor

millions of their dollars he told that to [Steve Klemark](#) last December 2009 when Steve and his father were wanting to buy Xtagged Steve's father is 22 years N.Y.P.D and retired Air-force and get this ask Steve I was donating 51% of xtagged to KarmaCause.org that kind of puts a kink in the we've been scammed campaign also oh and Daryl Acumen never invested a dime. Why would I be scamming to give it away to a cheat-less system like www.KarmaCause.info I guess you can call me 'Robin Tech Hood' except I never scammed nor stolen from the Rich nor the poor and you know as well as I do that with this economy going through it's crisis the middle class is being erased Karma Cause is about growing the middle class and erasing the rich and the poor for equality to meet in the middle, plain and simple. Daryl's mother is Rebeca Dunn C.E.O of Wisertechnology.com and when I fired Daryl from Xtagged he went nuts that I hired his Mom And she will be testifying against him in our upcoming court case. Well I am retired know and just wanted to let you know that KarmaCause beta will fly up earlier than expected and we would love to cross promote with you as soon as court is over and our name is cleared soon, Daryl also started smear campaign on Wiser Technology. I really believe that at that time if you knew what we were doing at Karma Cause <http://karmacause.info/> and Daryl never manipulated the moment you would have agreed that KarmaCause would have been a great partner for this world revolution we are about to embark on. WiserTechnology.com has given full rights of Chimera Phone and Digital Internet Dna (D.I.D) and we want to share with the world so if you would like to call our Attorney please do [Leonard Martinez](#) he will tell you that we are taking legal action against Daryl Acumen. We are real and never have been a scam after you see what we have become please look at [Steve's linkedin](#) also the news is all over this I hope you understand that's why Daryl is so envious, but the more I gave away the more ideas God gave me or how could we build the best tracking system so people can track there donations down to the last penny "Just Click It". (It's virtually like living in the world with no cash. Can you buy street drugs with credit card, NO! Can a Charity organization skim from donations if every cent has a digital serial number, NO! Can a politician have \$10,000 parties under the table with your tax money if all he had was Digital money and it could be tracked, NO not without CASH! No more under the table! Everything at KarmaCause will be tracked through Karma Credits that have digital serial numbers down to the last penny, the info is just a click away and I can't wait for you to see Chimera Phone and D.I.D (Digital Internet Dna) Steve Klemark works at the Denver police department and his ideas our Genius! Once again I am sorry on behalf of Daryl Acumen, and I hope we still get a chance to work with you Merry X-mas & A happy Wiser new year. G.B.U

P.S and <https://www.wisertechnology.com> is set to make first start up donation 12/22/2012.

Subject: Fwd: Zed P.I, Steve and dean commission me!

Andy, This guy is angry and will not stop and I don't know how serious this is. You need to run this by the corporate lawyer and do damage control. Dustin mentioned this the week that he was irritated that he checked and saw that Xtagged LLC was not registered and he was threatening to register it. I should have brought this to your attention; however, he was spouting off about a lot of stuff. I thought I emailed you and Steve and recommended that you scrub the Xtagged site and remove any and all items that referenced trademarks of other organizations. You are fairly new at this, so don't beat yourself up. Now is the time for damage control and going forward, I'll be there to protect you.

Since you are so busy and so hard to get, I try to communicate through email. That, too, is difficult because you probably don't take time to read it particularly since my emails are so detailed. That's why I need to hurry and get out there and set myself up in an office. In the past, I have found engineers that I worked for EXTREMELY difficult to control and a MAJOR challenge; however, I have been successful in protecting them. You did tell me that you have received the LLC paperwork back for the Wiser products. I just assumed that you had paperwork on file for Xtagged.

What about Karmacause? That site has Australia all over it. Do you have a permission letter on file to use it. We need to hurry up and create our own Karmacause. Do you have document on file to use the following logos: NIKE, Nissan, UPS, etc. It's not enough to have verbal permission, you need a letter from companies on file granting you permission. The same holds true for the Frog and MADD. I am not certain about using videos and music on Internet sites; the corporate lawyer can advise. If this is a problem, we can create our own videos and music. I already have ideas of how to use Presley and Mia.

Let's just take a deep breath, take corrective action, do damage control and move forward. God works in mysterious ways; you were considering changing the xtagged name anyways.

Love you. Please call when you wake up.

Beckie

Andy called me on a Sunday and said that he had helped a homeless person that wanted to thank him through a blog.

Subject: what u think

call me afta

Thank you F.U.B.U. for the clothing that you let me buy with the Karma Credits from Xtagged!
Thank you Walmart for the same and for the discount that helped me to get to where I am today!
Also, thanks to all of you at Xtagged that provided me with Karma Credits to take care of me and my family. Due to the Xtagged system, people knew that I was real and trusted me; if they did not trust me, people would not have given. But with Karma Credits from www.????.com and the Xtagged site that 100% verifies members, you can see me out and about and send Karma Credits to my portal! You can monitor how much has been given to me at the new grey window that was added below the state box window at the bottom to the left of my portal.

And with the cell phone that I purchased with your help sending karma credits. My family and I learned everything about the KC's while we were trying to fall asleep one night while parked at the lake.

We googled it on the phone we had gotten from sprint with Karma Credits.

That's how I finally got a job! I shall be loading monthly YouTube videos with my phone, of my family to assure you that your Karma Credits are changing the world starting with ME. Why? Because at first I didn't have a car, I had an Angel that told me about Xtagged. They let me sign up under their family zone plate number (BKND5) just like Andy's tagme and received Karma Credits from that portal! Now my mind lives for change; because of the people that I once called homeless like myself; I now call them my friends. So Karma to the fullest! I vow for the rest of my life to help others that are homeless with the Karma Credits system that has been so worldly to me!

P.S Dear xtagged i am not so techy, but i now that karma is about giving back, I would like to ask if it is possible in the future you ad a box or page on portals to show detailed list of KC's that we had received to help us, so that when we become stable again, it can show what we start doing for people on xtagged. as a family that once recieved and now giving back like pay it forward, i belive this would be a very useful application for our children to see that theres nothing to be a shamed of, and learn even though at the toughest time's in our life at the bottom. stand proud to be part of a system that teaches a family that karma compassion & love (GOD) has blessed us with a way to climb back up to the top, with the help of others extending there hands to pull us up! So be proud that once we are up there, that we will not leave anyone down(sounds like heaven), we become the hands that reach down to pull the next family up. there for it is a system of progress not a system of shame! KC's are not just for homeless! there for the old lady that wants to give that gentelman a tip of graditue that he used to get bashful about and not take her dollar! but with a karma credit and his xtagged portal it becomes a pay it forword, for him and not only does he get the karma from helping her, she has blessed him with a karma credit that she earned with the freinds at her retirment home, and printed out to give. point is everybody can help because KC's are earned not purchased!

Subject: I told you all! What I was doing to change the world. (Joe send this to all members please)

I will no longer be working on Wiser Technology; from this point on all of my efforts will be devoted Strictly to Karma Cause. Please note; (www.KarmaCause.info is only information page not actual program)

If you read full page at link <https://www.wisertechnology.com/KarmaCause.php> you will understand why everything had to happen as it did.

And if you haven't heard yet, STOP -- do not order Wiser e-cig at www.KarmaCause.net. Wait a couple of weeks; the new Wise Up plan will dominate the e-cig industry. The new Management of Wiser Technology does not want to release the plan until Daryl, Ladd, Ryion and Kyle have been taken care of with paper work for court! I am sorry you all had to endure them and all of their lies and with Daryl's Blogs screaming 'Andy's Check to Leonard is only \$400' and on and on and on! Trust me; from a court aspect these men look foolish. It was all necessary to prove that if 40 year old men can act like this, imagine what the future holds for the next generation unless this nation gain control of bloggers, hatters, and bullies. If you have not seen my unedited attorney receipt, here is the link:

http://www.slide.com/r/kog7w8ao0j_2wfPzIwUV9G6XY_h75uiA?previous_view=lt_embedded_url

Court is real and it is coming. If you haven't seen all the proof of these men being challenged to identify themselves in video and Daryl's silly blogs that scream that my Attorney receipt is fake, just look for yourselves here is link

<http://www.scam.com/showthread.php?p=999728>

And try not to laugh too hard at their constant accusations of scam when neither Daryl nor Ladd ever invested a penny! Logan was paid back his initial investment because he followed the established procedures. Take a look:

<http://www.xtagged.com/uploads/IMGA0019%283%29.JPG> pic of Logan's check paid by Shar Scott Jenkins co-owner of Wiser Technology

https://www.wisertechnology.com/About_us.php

Kyle Invested \$3,000 in xtagged and a fraudulent car title and we found out later that the car didn't even have an engine.

Chris invested \$2,000 in xtagged and should have followed Logan the 19 year old but instead sent us racist emails you will see in court.

Ladd invested \$0.00. Here is Ladd's xtagged info portal with all his bull crap emails

http://www.xtagged.com/search_details_now.asp?id=743813

Daryl Acumen invested \$0.00. Yes, \$0.00. Here's the link to Daryl's Mom:

www.KarmaCause.org. She is Co- founder of Karma cause. Daryl's Xtagged info portal is http://www.xtagged.com/search_details_now.asp?id=743781

Wiser Technology has NO investors! NONE! I gave 50% away to Karma cause as I told you all I would do with Xtagged.

My cell number is 770.709.4737 or (770)70WISER. Wiser Technology is to open a new (800) number.

God bless you all and Have a Wiser New Year!
