Subject: CEASE AND DESIST ORDER

A physical street address is requested for you and your company. Below is a copy of a Cease and Desist Order that will be sent and will be made public if address is not provided.

Dear Sir

This CEASE AND DESIST ORDER is to inform you that your intimidating actions against my clients,

Danny Chadwick and Brandon Young of Solar Shock Pictures LLP, have become intolerable.

This letter is to demand that your lies, harassment, libel, and intimidation tactics CEASE AND DESIST immediately. Should you continue to pursue these activities in violation of this CEASE AND DESIST ORDER, I will not hesitate to pursue further legal action against you including, but not limited to, civil action and/or criminal complaints.

Note that a copy of this letter and a record of its delivery, including email, will be stored. Note too that it is admissible as evidence in a court of law and will be used as such if need be in the future.

This CEASE AND DESIST ORDER demands that you immediately discontinue and do not at any point in the future under any circumstances do any of the following to those of Solar Shock Pictures LLP: speak to, contact, pursue, harass, attack, strike, threaten, telephone (via cellular or landline), instant message, page, fax, email, follow, stalk, shadow, disturb peace, surveillance, gather and/or post information about my clients electronically (including social networks and video sharing upload sites such as YouTube, etc.), or disrupt of their business activities, past, present or future. All videos, websites, or any other electronic correspondence posted that mentions the name(s) Danny Chadwick, Brandon Young, and/or Solar Shock Pictures must be removed and retracted immediately.

Should you willfully choose to continue your current course of action, I will not hesitate to file a complaint with the Police Department in your jurisdiction for your ongoing violations of the Criminal Laws in effect, as well as the Securities & Exchange Commission, and/or take appropriate steps in the appropriate civil court(s).

This letter does not constitute an exhaustive statement of my position nor is it a waiver of any of my clients rights and/or remedies in this and/or any other related matter.

I demand your immediate attention and compliance in this matter.

Regards,
Larry M. Black
Attorney at Law

Receiving this email, whether address provided to send out physical copy of this CEASE AND DESIST ORDER, is verification of receiving the Order and will be noted as such, and be used against you should the complaints continue.

Dear Andy,

I've tried reaching you several days now either by text or through voice mail and have not heard back. I was deeply troubled with the last conversations that we had this week; in particular, those concerning Daryl as well as your Mom. You agreed to deposit funds into my account as well as text me information on eliminating the virus on my laptop computer. I have not heard back from you and if either of these issues were a problem for you, I certainly would have understood.

Not hearing from you has left me extremely uneasy and nervous. In addition, I have been trying to discuss TRUNews with you since its implementation. I am concerned that the site was created with a bit of urgency, with little thought, and with no input from me. When I reviewed the site the following morning, I was shocked at its content. Whereas I found the videos interesting, some of them do not represent my point of view, particularly the first one on Iran. If I were to show that video, I would certainly show other viewpoints such as the last two interviews that Fareed Zakaria conducted with Iran's Prime Minister and the Prime Minister of Jordan. These videos are current; I believe the one on the TRUNews website was conducted in 2003. I consider this irresponsible reporting. The video on the site that you put up this week concerning the homeless does not take the viewer to the CBS Sunday Morning link. I think if you click on it, you will see the problem which can easily be fixed.

I am concerned that Xtagged is quick to put up sites without thoroughly thinking them through. You have a lot of GREAT ideas; however, I am not certain if you have fully thought them out. For example, is there a mission statement, an objective, as well as a thought out plan? On any project you need to ask yourself What, Who, Why, Where, How, and When. A lot of the xtagged bloggs can be googled on the Internet; they poorly represents the company and takes away from the company's credibility. I know that this is a different generation with twitter, facebook, UTube and blogging. I would like to advise everyone that once something is published on the Internet it is searchable to everyone. Recruiting agencies are now researching these sites when performing background investigations on new employees. So, we ought to think twice and think things through carefully prior to publishing them. Many engineers are poor at writing and spelling and that is not a big deal; what ruins one credibility is when this is made public.

I still think that Xtagged and the rest of your creations can bring in a great amount of capital and I am still excited about your ideas on Karma. I also felt (and still feel) that I could be a great asset to your organization and was looking forward to reviewing these ideas in greater detail with you.

I do hope that all is well with you and your family and please know that you can still call on me both professionally as well as personal. Whenever you've asked anything of me, I have been there at a moment's notice. Please do not take me or my time for granted. I hope that I will hear from you soon and it would be nice if I could get reimbursed for the cost of the TRUNews tag. Again, if not, that is not a big deal. I am requesting that my name be taken off the site until we can determine and agree on the site's objective, its mission, as well as its content.

Regards,

Beckie

We will be supporting Andy to the fullest in his upcoming court case! My name is Steve and i own Karmacause.com for this reason we bought xtagged to verify people that have a worthy cause! Andy did donate 51% to the public or members of xtagged, And Daryl, Ryion and Danny stop emailing & calling trying to talk me and my partners out of xtagged, these guys did everything possible to try to kill this deal, even as far as Daryl trying to say his website is better than xtagged, when he phoned me, as you see below they did not succeed its done, And sadly we had to let go of Becky Dunn Daryl's mother that worked for xtagged because of Daryl's lies. Members if you would like to see the truth go to <https://www.RYIONBUTCHER.com> its that simple. it will all come out in court. Sorry Andy but unfortunately you should have ran away from these people as soon as you talked to Daryl's mother! And Daryl's mother should have spoke out for you, since you paid for her hotel, I seen the letter she wrote for you, she could have done more, and for this reason we have decided not to bring Becky along with us. I hope she uses her portal trunews to express herself because i love to read her writings, Andy would send us her emails very inspiring and her quotes we will set her on front page of xtagged, if she would like to continue on!
