### COVER MESSAGE

Daryl got the fax letters that Steve Klemark sent Leslie to postpone my court date and was having a laugh with the A.F prosecutor. I sent this to prosecutor's office also. That is Steve's hand writing Daryl and the prosecutor are having a laugh about not mine. Why would the prosecutor give Daryl a copy to post in Daryl's Blog.

This is why your witnesses should be concerned with their safety. You were jumped once before and these people are bragging about it while Daryl laughs it up with them. And Daryl filed charges on you for harassment?

Here is the post Andy.

I know! It's unbelievable!

I'm humbled that he would say that I'm you D. Hey Andy, since you don't know who I am let me give you a little hint. I'm the one who knows about you getting your ass kicked a few years back in Bountiful. It was sooo nice seeing someone get a little justice from a snake like you.

Also, let me give you a little history lesson since you obviously dropped out by the 3rd grade.

Jim Jones was the leader of the Peoples Temple (Like: Karma Cause), and remembered for the 1978 mass suicide of 909 members. Jones, being crazy like you, spouted bull shit lies and convinced the members to commit "revolutionary suicide" by drinking cyanide laced grape flavored Flavor-Aid.

Again, I say you are another Jim Jones with your lies and blasphemy.

Andy Esquivel failed to appear at the Arraignment for his May 24th, 2009 Disorderly Conduct charge in Bountiful this morning at 9am. A \$500 cash-only warrant has been issued for his arrest in that case for his failure to appear.

In other news, I had an interesting meeting with the Prosecutor's office in American Fork today and we had a few laughs over this letter which Andy sent to the court asking to move his court date to the 23rd.
