Your Honor;

Mr. Arrington stated that Dr Patrick Mousse interview concluded that I was bipolar and hallucinating, it's because of the filed motions that I kept telling Dr Patrick Mousse about. On Oct. 22, 2013 I showed Mr Arrington these motions filed on hallucinations in front of Allen Brady and Cindy Marzano, Mr Arrington then stated "I'm not going to show the judge that but you can Andy".

So Jan., 7, 2014 I was to do so but as you witnessed Mr. Lyon and Mr Arrington were in a bit of a hurry to shut me up and put me in jail, as a last move or attempt to try and force me to take 3 misdemeanors with suspended jail time plea 03/21/12 offer by Mr. Holte & then Albright of the Public Defender's office he got me a couple of misdemeanors and no jail time that's better than paid lawyer Holte and then again by Mr Arrington. To this date my witnesses have never been contacted, that's why they're here today (Feb. 11, 2014)

But what kind of extremist will we be  
The Nation & the world are in dire need of  
Creative Extremist "

I was in jail for MLK day, they had labled me  
a creative extremist in 2007 but Lables just fall off in Time

ON MLK day 2014 I earned the name Creative Extremist,  
as I marched all day long in DAVIS Co jail, yes MLK  
Had the dream that I am now living, Amen
